Objective

Seeking a career in healthcare equity research. Looking for opportunities to contribute to investment due diligence by using my skills and knowledge in biotech market modeling.

Education

University of California, Berkeley

Berkeley, CA

BACHELOR OF ARTS IN APPLIED MATHEMATICS

Aug. 2017 - May 2020

- Degree Concentration in Biotechnology
- Relevant Coursework: Biomedical Physiology, Human Physiology, Intro to Lab Techniques, Intro to Finance, Engineering Economics, Real Analysis, Numerical Analysis, Complex Analysis, Linear Algebra, Abstract Algebra

Work Experience

Biotech Equity Research at Berkeley

Berkeley, CA

FOUNDER

Jan. 2019 - Feb. 2020

- Oversaw biotech company analysis on public pharmaceutical companies with a team of 10 UC Berkeley students.
- Learned about valuation methods, company research techniques, and NPV modeling on Excel.
- Read and review published medical papers and discuss conclusions with team members to improve our knowledge of medicine.
- Created a stock presentation for Xenon Pharmaceuticals, a publicly-traded drug development company, with members of the group.

Mathnasium Inc.

Folsom, CA

TUTOR

Aug. 2015 - Feb. 2017

- Instructed and motivated students on math concepts for both remedial and advanced individuals.
- Taught concepts ranging from arithmetic to single-variable calculus to students age 5-17.
- Improved communication skills and interpersonal skills between co-workers, students, and parents.

Extracurriculars

Crohns and Colitis Foundation

Berkeley, CA

CLINICAL TRIAL AMBASSADOR

Sept. 2019 - Present

- Selected to promote education and awareness of clinical trials in the IBD community through distribution of clinical trial information in local support groups and healthcare centers

EVEXIA Bio-Fund

San Francisco, CA

GENERAL MEMBER

Mar. 2018 - Present

- Attend meetings as an investor in EVEXIA Bio-fund, a UCSF-affiliated life science collective focused on biotech investing

UCSF Benioff Children's Hospital Oakland

Oakland, CA

VOLUNTEER

Oct. 2018 - March 2020

- Worked with David Drevno, NP to update ImproveCareNow, a database of pediatric patient records on Inflammatory Bowel Disease
- Assisted with quality improvement projects in the Gastroenterology Department
